

SESSION 2: CODE DESIGN

Finite-dimensional Gaussian Wyner-Ziv coding based on nested lattices.....
Francesca Bassi

Code Design for the Distributed Scalar Quantization Problem based on Diophantine Analysis.....
Gerhard Maierbacher, João Barros

Coded frequency modulation with RLL sequences for bandwidth limited channels.....
Anil Mengi and A. J. Han Vinck

Note on Systematic Raptor Design.....
Dino Sejdinović, Robert J. Piechocki, Angela Doufexi

LDPC Codes with Extremal ACE Properties.....
Dejan Vukobratovic
